Did You Ride Today?

Jack Helffrich, President

T. S. Eliot wrote: "April is the cruelest month..." Well, maybe most years, but not in 2008. We have been having some awesome cycling weather recently, and I hope you have been out enjoying it. Personally, I am very willing to water the garden occasionally if it means nicer weather for riding. And if the grass does not grow at all, I will not be upset.

We have had some great club rides going out on many weekdays, weeknights and weekends. We are offering more C and D paced rides for those just getting into the sport, returning to it, or just coming out of hibernation. We try to keep these rides shorter and flatter, although the flatter part can be difficult to accomplish in the Lehigh Valley.

Check the website for information about the Ride of Silence in May, the Veloce in June and a ride to the Reading Pagoda in July.

I want to offer special thanks to Neil and Linda Dicker for planning and hosting an excellent ride-leaders party at their house in April. About forty members and friends attended, and we were able to fill out much of the calendar, at least through June. Plus, we had a marvelous time.

Thanks also to Karen Nestor for making an excellent presentation on cycling apparel at the club's monthly meeting. Karen also generously provided \$10 gift certificates for Nestor's store to many of those in attendance.

Dave Drummer has been working diligently maintaining the membership information, and also posting club rides. Please consider sharing a favorite course of yours by volunteering to lead a ride. Just go to the website, select a date, click on 'Add' and enter the requested information.

Also, Please encourage your friends and family Cyclists to join the Lehigh Wheelmen Association. When you sign in for a club ride check the list to determine if anyone already signed in has written the dreaded letter "N" indicating that they are not a member. Then encourage them to join. By my quick calculation, I pay about \$8 PER DAY for my cell phones, land line, DSL internet connection and HDTV service. It makes the \$12/individual and \$20/couple (kids ride free) annual membership quite a bargain.

Finally, our club is in the process of purchasing an Automated External Defibrillator (AED) with donations received in memory of Rudy Dippl. Rudy died after the Turkey Time Trial last November, and the family requested that donations be made to the club for the expressed purpose of buying this piece of equipment. Thanks to the Dippl family for remembering Rudy this manner. Thanks also to all the club members who contributed and who had input into this purchase. The AED will be brought to major club events and will also be available for at club rides. Naturally, we hope never to have the necessity to use it, but it's great to have it if we ever do.

Well, tomorrow looks like it is going to be another great day. It's time to get the cycling gear ready for the commute to work!

Regards,

Jack Helffrich

The Speed Racer Report

Well, we are now into the Thursday Night Criterium races. They are taking off with huge turn outs and great weather. No problems either so far, just fast racing! One night when I remembered to zero out my speedometer, we had an average of 27.4 mph. The fast guys had it all strung out in a pace line for the whole race. I'll either have to get in better shape or hope it slows down a bit.

The first week Chip gave out some free Crank'd with each sign up. I think that went over pretty well.

From the park you can see that the Velodrome is being worked on. I guess they will have it ready to go soon. I can't wait to get out on the track to race those Saturday and Tuesday races.

Don't forget that the next Bikeline Races are in Bethlehem and at the Fitness Park May 10th and 11th. If you think you want to help sit on a corner and watch please contact me at 610-285-4006 or at srcracer866@aol.com. I have been hoping to get some outside help but it seems to be elusive so far.

Race report of the month.

The weather was perfect for the 21st Annual Daniel Harwi Memorial Crit, Lower Providence, Pa. Cat 4 men's race, about 70 degrees with a stiff headwind straight down the home stretch. This was my first event of the year and I was pretty sure I didn't have the legs for doing too many pulls or chases so I decided early on to stay tucked in the upper third of the field of about 60 for at least the first 15 of the 20 laps. The course is flat, smooth and wide with four 90 degree turns, perfect for crits. Early on a break of 2 or 3 riders made a go of it but were caught in a few laps without anyone doing too much work. At around lap 10 another break developed, this time with 4 guys who looked strong for a lap or two, and I briefly thought it might be time to try bridging but another lap went by and it was clear they too would be caught. Nothing too exciting in the field most of the race, a few hairy corners and someone touched wheels once, but no crashes. Averaging about 25 mph, 30+ on the downwind leg. With two or three to go, guys started working for position and the pace was picking up. I kept in the top 15-20 for the first half of the last lap, lots of quick accelerations and moving around required. On the last downwind leg with 2 corners to go we went into corner 3 at 30+, I took the turn wide to carry more speed and passed a few, planned to take the final corner to the outside also, both to carry speed and to be a little more sheltered from the headwind. Came around fine, passed a few more, with lots of legs left and a solid top ten finish 200 meters up the road. Then two guys up front touched and went down, sliding off to my right, but they also took out a third guy 20 feet in front of me. Lots of hard breaking all around and I ended up going over guy #3's rear wheel, almost went down myself but my left pedal caught the curb and kept me up. By then my speed was gone and a good portion of the field blew by. Didn't stick around for results, but probably about 30th. Bummer. No serious injuries to the three guys down.

Stay upright and happy,

Junior Team Notes

Gwen Hoover, Junior Coordinator

Clean out your Garage and help support our youth cyclists.

The LWA Future Champions are having their semi-annual fundraiser at the Velodrome Flea Market, THIS SATURDAY, May 3. We keep 20% as our fee and use the money to purchase loaner equipment, put on races and clinics for kids .

If you want us to sell your stuff on consignment, you must do the following....

1. bring your stuff to booth 111 on May 3rd. (the flea market is open from 8:30am-2pm)
2. MARK your items with your name, cell phone number and a price. (let us know if it is negotiable)
3. PICK UP your ITEMS or your CASH by 2pm (SAME DAY). If you do not, we will consider it a donation.

We are happy to take donated items, if you just drop something off and you don't want the cash or the item back let us know sometimes we save these things to give to kids who need certain items. We are planning a family ride to Topton after the flea market. App. 2:30 PM About 20 miles with a stop at the half way point. Contact Gwen **610-216-1484** if you are interested and this is your first time riding with us.

Junior News and Notes

Several of our kids are participating in the Can-Am Junior Challenge May 17-18 in Augusta , NJ . You can register on Bikereg.com by May 14th (no day of registration).

"The Can-Am offers the excitement of large age-grouped fields and the safety of closed courses for bike racers from ages 10 to 18. We take pride in our high level of support and encouragement for junior racers of all abilities. We strive for a friendly, low-key environment, and hope the primary goals for every participant in the Can-Am U19 Challenge will be to have fun and gain racing experience."

Regular smoothie rides scheduled to begin on May 10. please check on-line calendar for times. All kids ages 9+ are invited (road bikes required for children) Parents encouraged to participate. 20 miles, stop in Topton at 1/2 way point. Sometimes the older kids ride during the break. If your child or someone you know is interested in Youth Cycling, please check our web page at www.lehighwheelmen.org (then click on JUNIORS). There is lots of information on the site for kids who are just getting started. We have loaner bikes (road and track) for most sized kids (down to 7 or 8 years old). Feel free to contact Gwen Hoover (the junior development coordinator) at ghoover@ptd.net.

Thursday night training criteriums have started at Rodale Park . see www.lehighwheelmen.org (Race flyers) for more details.

Next big team events are June 6 Manyunk Amateur Hill Climb and June 7th Tri State Velo Junior Time Trial (8mile). Both are in Philly. Oley Valley Road Race on July 13, then we put on the Nicole Reinhart Memorial Tour de FCCC on July 19 and 20th. We hope to sponsor a week of junior cycle events, (races, clinics and social) between the Oley Valley and Tour de FCCC events.

Recreational Riding Schedule

Dave Drummer, VP Touring

Except where noted, non-members are welcome to participate in LWA rides. Riders under 18 must be accompanied by an adult. You must have a bicycle in good working order, carry a spare tube and know how to change it, obey all traffic rules, ride single file where necessary, and sign in at the ride start, giving your name and an emergency phone number. Please carry identification and the name of an emergency contact.

HELMETS ARE REQUIRED ON ALL RIDES !

Most club rides take place on the road, but there are also some off-road rides scheduled. For road rides, most riders use road bikes having narrow, high pressure tires. Wide, low pressure tires will make it harder to keep up with the group.

If you haven't ridden with a group before, or are not sure that you can keep up with a group, try one of the rides listed as a "Social Pace" or new member ride. No one gets dropped on rides advertised as such. Actually, ride leaders try not to drop anyone on any ride, but one person's "moderate" pace can be another person's "impossible" pace.

REMEMBER: Ride leaders should download a ride sign-in sheet, have all riders sign it, then return it to Lehigh Wheelmen Assoc., PO Box 140 Trexlertown, PA 18087

Check the LWA Member's Website at <http://lwa.pryzm.net> for last-minute changes, cancellations, and additions.

If you are interested in a ride, please make an effort to contact the Ride Leader, so you can be "in the loop", should a last minute change or cancellation occur.

Pedaling for Pizza

C R / 21 mi 5:30PM Coopersburg Giant

This ride is optimized for people born when Harry Truman or FDR was president. People born when Eisenhower was president will have to hold back a little bit, and anyone younger than THAT will find bungee cords attached to their rear racks. People who were bike racers back in the wool-and-Cinelli era can re-learn wheel sucking, but this time it'll be at a sedate pace not to exceed 15 mph, and usually a lot less than that. We will leave from the Coopersburg Giant at 5:30 every Friday when the weather is decent, go for a ride of, oh, 20 miles or so, and then return to Coopersburg, make a group decision about which pizza joint to invade, and then eat 3X as many calories as we burned on the bike ride. Conversation will be Supremely Intellectual, reflecting the maturity and status of our mature group. Minors will be permitted, provided that their SAT scores are high enough.

We will work our way up through the hills to the Blue Mountain ridge where the terrain flattens out then long slightly down grades and rolling hills back to the park. A beautiful route and an excellent work out!! This ride is typically more of a B+ level, but we will alter the speed per the group's capability.

Blue Mountain Madness

B H / 40 mi 10:00AM Bicentennial Park

We will work our way up through the hills to the Blue Mountain ridge where the terrain flattens out then long slightly down grades and rolling hills back to the park. A beautiful route and an excellent work out!! This ride is typically more of a B+ level, but we will alter the speed per the group's capability.

Directions: East park entrance on the Airport Rd. side.

Directions to the park on the website.

The Ride of Silence

D F / 4 mi 6:45PM Allentown Fairgrounds, 19th & Chew

The "Ride of Silence" is a world-wide event held the 3rd Wednesday in May at 7 PM local time. It is a ride to honor those cyclists either killed or injured in car/bicycle accidents. Riders pedal in complete silence at a pace of no more than 12 MPH for one hour. This is a solemn event, and riders should act accordingly. Black armbands are encouraged. Our goal is to raise awareness in the community regarding cyclists in the roadways. I am hoping to get over 100 riders to participate. We will obey all PA traffic laws and in no way impede or block traffic. The route will be a circumnavigation of downtown Allentown.

Directions: We will be leaving from the Allentown Fairgrounds.

The Fairgrounds are located in between 17th and 19th and Chew and Liberty in Allentown. Look for the sign-in near the 19th Street entrance off Chew.

Pedaling for Pizza

C R / 21 mi 5:30PM Coopersburg Giant

This ride is optimized for people born when Harry Truman or FDR was president. People born when Eisenhower was president will have to hold back a little bit, and anyone younger than THAT will find bungee cords attached to their rear racks. People who were bike racers back in the wool-and-Cinelli era can re-learn wheel sucking, but this time it'll be at a sedate pace not to exceed 15 mph, and usually a lot less than that. We will leave from the Coopersburg Giant at 5:30 every Friday when the weather is decent, go for a ride of, oh, 20 miles or so, and then return to Coopersburg, make a group decision about which pizza joint to invade, and then eat 3X as many calories as we burned on the bike ride. Conversation will be supremely intellectual, reflecting the maturity and status of our mature group. Minors will be permitted, provided that their SAT scores are high enough.

3 Trails Ride

D F / 8-24 mi 1:00PM Slatington parking lot by the bridge over to Walnutport

There are 3 trails that can be accessed from where we park-the Slate trail, the D&L (Delaware and Lehigh trail and the Walnutport Canal. Please check back at this posting for updates because there may be construction on a bridge on Main St. Slatington that may affect how you get to the parking area and how we access the slate trail. All three trail are out and back and end in or near the parking lot so you can do as little as 8 miles or as much as about 24 miles. Email or call with any questions. Hope to see you and ride with you on the trails.

Directions: Meet and park on the stone parking lot across from

Sal's Pizza 102 Main St. Slatington (by the bridge over to Walnutport).

Schuylkill Trail Ride 9

B F / 50 mi 9:30AM Oaks, PA

The ride on the scenic Schuylkill River Trail is something that is worth the drive. This ride is best enjoyed on a road bike. We will follow the Schuylkill Trail from Lower Perkiomen Valley Park in Oaks, Montgomery County (just west of Valley Forge) to the Philly Art Museum and return. We will stop in Manayunk for lunch at Le Bus. We should be back to Oaks by about 2 PM.

Directions: Allow about 1 hour from the Valley. Take PA 100 S to US 422 East. Go 15 miles east to the Oaks/Audubon Exit. Bear right on ramp onto Egypt Rd. towards Audubon/Norristown. Cross under 422 and turn right at first road, New Mill Road (less than 1/4 mile). Parking lot is on left (this lot is usually pretty busy, so park legally wherever you can).

The Saddlebag

By: Glenn R. Toth, QR Editor

I have a friend who once asked his wife about her saddlebags: A car, house, alimony and a few lawyers later he regretted making that comment. So, this monthly, bi-monthly or whenever-I-get-the-spirit-to-write-it article will be about your bike's saddlebag and what you can carry in it to make the mechanics of your ride more enjoyable. I am going to discuss wrenching techniques, quick repairs and overall bike maintenance for the seasoned cyclist or the AWP (Allen Wrench Phobic).

Most of us are not afforded the luxury of having the team car or Mavic Neutral

Support following close at hand ready to hand us water bottles, fix our derailleur while moving, replace our tubulars (what are those?) and wheels or tighten a loose spoke. While on the road, we have to rely on what we carry in our saddlebag. What is there can make a ride enjoyable or cause us to coerce our neighbor, spouse or significant other from getting off of his or her lawn mower or put down the fruity boat drink and rise from the chase lounge by the pool to come and get us.

This first article will be about what to carry. Subsequent articles will be about how to use what we carry without breaking, lacerating or doing anything that requires a trip to the emergency room or having to take your steed to the LBS in the heat of the season when you want to be riding and not calling the shop everyday to see if your bike is ready, then, only to find out it will be three weeks to get the parts and that century you have been training for will have to pass without your participation.

There are some definite things you want to carry and I don't rank them in order of necessity because they all work as one cohesive unit. Also, there are some things, room permitting, that I have known some to carry: Lipstick, mascara, brushes, toothpaste, toothbrush and towel or washcloth. I won't discuss these things but only say that a famous Frenchman in the Tour de France used to carry a comb and cologne in his jersey so he always looked and smelled fresh on the podium-give a Frenchman a bar of soap and he will be able to bathe for a lifetime, as long as he has enough cologne.

I would have to say that the number one reason for carrying a saddlebag is to carry the items necessary for fixing a flat. You cannot replace a flat and be hammering down the road if you do not have a spare inner tube or tubular tire to replace the punctured one. Stay away from the ultra light tubes, as they are thinner and prone to puncture more easily. On the Montauk Century in May of 2007, I replaced three tubes in one day and I was using the ultralight weight weenie favorite. You can get away with carrying a few generic tubes and paying for the higher priced brand tubes is not necessary because they are probably all made in the same Chinese factory. My mother is a seamstress and taught me how to sew when I was five years old. I really don't want to have to put that skill to test alongside the road repairing then sewing up a tubular tire, so as far as carrying a spare tubular, carry a used one because it will be easier to stretch on your wheel. Better still, carry two just in case.

The second item(s) would be a set of tire levers, or if you are a total weight weenie-a single tire lever (honestly, that is all you really need to get a clincher off of the rim). A two-dollar pair will suffice and it is up to you if you wish to add some bling to them IE: gold coating and diamond studding.

Who says a dollar bill can't buy anything anymore? It can buy you a trip home should you slice your tire bad enough that it would blow the new spare you just installed. A dollar bill has fabric in it and makes a great boot for the inside of your tire. Install it where the cut is and inflate the spare. It is your choice if you feel the need to carry a \$20, \$50 or \$100 bill.

If you are flat prone (as some of us are) and you run out of spare tubes, then get a patch kit to patch one of your punctured tubes. Parktool makes a great kit called "Superpatch" and it consists of peel-off adhesive patches that you simply apply to the inner tube: Presto! You are back on the road in no time.

I remember Rob Erbeau telling me a story (Rob is always good for a story) about a guy who broke his chain thirty-five miles out on a ride. He would walk up the hills, then coast down as far as he could. I believe he is still coasting back to the Velo.... You can fix that chain by carrying a spare Hyperglide pin and a multitool that has a chain cutter and pin insertion tool.

Now that I have mentioned multitools, get one of those as well. You don't need one that has every widget, hootus framus gadget that is known to man, just get one that has a few allen wrenches, a chain cutter and pin insertion tool. I like the Hexus 16 by Topeak.

A few other items that might be good would be some duct tape, a few plastic wire ties and for those who wish to be prepared, a spare derailleur cable and/or brake cable. Oh! About my friend who didn't like his wife's saddlebags, he bought a custom Serotta completely quilt free and he didn't have to lie and tell his wife he spent significantly less than he did...

~Glenn R. Toth

Announcements, Tidbits and Other Really Great Rides.

LiveStrong Challenge

Please mark August 24, 2008 on your calendars. That is the date for this year's LiveStrong Challenge. I invite you to join our team for this memorable event. Last year, the LSC raised over \$2.25 million in a single day. Over 3000 riders participated. Our team raised thousands of dollars, and all team members had an incredible day. The ride is one of the most professionally supported rides you will ever encounter. Completely first class all the way. The community welcomes the riders as we roll through the countryside, cheering us on because of the gravity of our cause.

I urge you to join our team or to make a donation in support of one of our team members. You can learn more about the LiveStrong Challenge by visiting the Lance Armstrong Foundation Web site at www.livestrong.org. Click on links to the LiveStrong Challenge Philly, then find our team, The Wheelman Warriors.

See you on the road!

2008 Commerce Bank TRIPLE CROWN OF CYCLING

GEAR UP FOR VOLUNTEER SPOTS

Planning is well underway for the 2008 Commerce Bank Triple Crown of Cycling events, and now you have the opportunity to become a part of this world-class professional cycling series.

The public is invited to experience the excitement of professional cycling first-hand by volunteering with Pro Cycling Tour, the organizers of the Commerce Bank Triple Crown of Cycling. The dates and locations for the races are as follows:

Commerce Bank Lehigh Valley Classic – Tuesday, June 3, 2008

Commerce Bank Reading Classic – Thursday, June 5, 2008

Commerce Bank Philadelphia International Championship & Liberty Classic – Sunday, June 8, 2008

The series features the nation's biggest professional road cycling races with international athletes, live television coverage and community festival events.

"We always have room for helping hands and smiling faces," says Jerry Casale, chief operating officer of Pro Cycling Tour. "Whether you're a

die-hard cycling fan or just a fan of the outdoors, you are welcome to join us for what promises to be an incredible experience for the athletes, the fans and the cities of Reading, Allentown and Philadelphia. Show off your community pride and help us host safe and memorable race days for everyone!"

Hundreds of volunteers will be needed in the following areas: course marshals, stage crew, foreign language interpreters, hospitality, marketing and public relations, and driver support.

For more information about volunteer opportunities, requirements and sign-up procedures, go to www.procyclingtour.com or click on VOLUNTEER SIGN UP . You can also call 610-676-0390 ext. 106.
